THE FESTIVAL

WELCOME TO COMAPEDROSA

The Mountain Festival Comapedrosa reaches its 22nd edition

One of the most awaited events in the Pyrenees is back. The Mountain Festival Comapedrosa opens its doors in Arinsal - La Massana to welcome runners and high mountain enthusiasts. A unique opportunity to test your endurance in an environment that stands out for the technical difficulty and the wild beauty of its landscapes.

The event features four distances adapted to different goals: the imposing Marathon, the classic Skyrace Comapedrosa, the fast Skyrace Arinsal, and the explosive Vertical. Throughout the courses, you will experience the essence of the high mountains in its purest form, running along demanding trails shaped by altitude and crowning the Comapedrosa peak, the highest summit in Andorra with its 2,942 meters of rock and untamed nature.

A legend of international trail running

The Skyrace Comapedrosa has established itself as a benchmark race on the international calendar. It is an event where the spectacular scenery contrasts with the demanding nature of its direct climbs. World-class figures such as Kilian Jornet, Tom Owens, Denisa Dragomir, Christian Mathys, and Sheila Avilés have crossed these imposing valleys, turning them into a true temple of trail running.

Wild landscapes, unforgettable challenges

Get ready for an experience where every step counts. From lush forests to the most technical scree slopes of the Andorran high mountains, the festival invites you to connect with nature. Whether you want to beat your personal best or your goal is simply to cross the finish line, you will find a vibrant atmosphere and landscapes that will stay with you forever.

As an athletic incentive, the Mountain Festival Comapedrosa is once again part of the XTERRA Trail Run World Series, providing a magnificent opportunity to secure a slot in the next World Championship.

Here is a musician who has traversed and inhabited the very heart and soul of the blues and American roots music. Santos Puertas lived in the United States for eight years, gaining recognition and earning nominations for prestigious awards.
